

CALL FOR PAPERS

http://nilmworkshop.org/2018/

The 4th International Workshop on Non-Intrusive Load GENERAL CO-CHAIRS Monitoring (NILM) will be held at the University of Texas, Austin, Mario Berges, Carnegie Mellon University in Austin, Texas in late February or early March 2018. The Stephen Makonin, Simon Fraser University exact date is still being confirmed, and will be announced on our website at the end of November 2017. As in 2014, this workshop will be co-located with the Pecan Street Annual Grant Fisher, Pecan Street Research Conference. Last workshop was held June/2014 at Simon Fraser University in Vancouver, Canada.

WORKSHOP MISSION & OBJECTIVES

The mission of this workshop is to serve as a forum for bringing together all the researchers, practitioners, and students that are working on the topic of energy disaggregation around the world.

PAPER FORMAT & STYLE

We invite all researchers working on NILM-related topics to submit 4-page papers to the conference for oral presentation or presentation during a poster session. All submissions must use IEEE style files for LaTeX or Word. We encourage authors to submit papers on research that is ongoing or contains recent results: as the workshop will only include online proceedings, submission to the workshop will not prevent any material from Patrick Huber, Lucerne University of Applied Sciences & Arts being submitted later to a journal or conference.

IMPORTANT DATES

Paper Submission Deadline: January 7 (at 5pm EST) **Notification of Acceptance:** January 26 **Final Paper Submission Due:** February 5 **Registration Deadline:** February 24

Registration Fee: FREE

LOCAL ARRANGEMENTS CHAIR

TECHNICAL PROGRAM CO-CHAIRS

David Irwin, University of Massachussetts, Amherst Nipun Batra, University of Virginia

TECHNICAL PROGRAM MEMBERS

Jose M. Alcala, Informetis Europe LTD. Kyri Baker, University of Colorado, Boulder Shubham Bansal, Discovergy GmbH Leen De Baets, Ghent University Karim Said Barsim, Universitat Stuttgart Chinthaka Dinesh, Simon Fraser University Wilfried Elmenreich, University of Klagenfurt

Manoj Gulati, IIIT-Delhi

Sidhant Gupta, Microsoft Research

Omid Jahromi, Belkin International Inc.

Xin Jin, National Renewable Energy Laboratory

Jonathan W. Kimball, Missouri University of Science & Technology

Henning Lange, Carnegie Mellon University Oliver Parson, Centrica Connected Home

Katie Russell, OVO Energy Hajer Salem, Lille 1 University

Lina Stankovic, University of Strathclyde

Keynote Speaker: TBD
